

INTERNAL MEMORANDUM

Date: June 6, 2022
To: SBURA Board
From: Jim Tevlin
Subject: Parks & Recreation/Public Works Update

The following is a brief update on Parks & Recreation/Public Works activities in the South Billings Boulevard Urban Renewal District as of March 24, 2021.

Stephens Lane Parking

- The small portion of Stephens Lane at the southwest corner of Optimist Park that would connect Phillip St. northward to Stephens Lane is underway. Note that this is a separate project (i.e., Unimproved Streets) from the plan to widen Stephens Lane northward past Ryan Ave and intersecting with Mitchell Ave.
- Per discussion with Public Works, the Stephens Lane Parking project is entering the design phase with construction likely to occur in the Spring of 2023.

Unimproved Streets

- Construction has begun on Bruce Ave. Completion is expected during June 2022.
- Construction on the Stephens, Vaughn, Hillview and Mitchell “package” of unimproved streets has begun. The contractors have installed water along Vaughn Lane from Hallowell to Jackson St.
- The contractors will apply chip seal on Hallowell Lane during the summer.
